Notes

The **sound chuff** on this sound file for Zimo decoders has been tuned for the Bachman 009 model. You can adjust the speed of the chuffs in CV 267 if you are using this for another model. The default is 70.

Departure whistle on by default. To turn off: CV 581 > 0. To turn on, CV 581 > 34

Brake key on by default. To turn off: change CV 4 (default 25). If you want the roll out to be more, increase the value of CV 4 to 110, for example.
